MEMORANDUM

Date: September 30, 2017
To: Communications & Technology Committee
From: Edward R. Crouse, Interim General Manager
Subject: Discuss Customer Service Benchmarks

RECOMMENDED ACTION

No action - discussion only.

BACKGROUND

Director Pecotich asked that the Communications & Technology Committee look at ways to develop customer service benchmarks. One option is to consider for external customer service benchmarks is to develop a survey to get input from the community on the District's services. Attached are previous surveys that we have conducted along with the results. We would like to conduct the survey in the fall as this is a good window for staff.

Several issues to discuss:

- a. Benchmark questions
- b. Frequency of survey
- c. Topics - District wide services or by department surveys
- d. Survey channels

For internal benchmarks, staff will research various approaches and services to assist in preparing internal customer service benchmarks for each department.
