**INCIDENTS OF NOTE**  
**MARCH 1 – 27, 2023**

On 03/02/2023, at 2335 hours, CSD security was on routine patrol in the village area when the officer observed a vehicle parked alongside the entrance into the village with its emergency hazards lights on. The officer approached the vehicle and discovered nobody was in the vehicle. The officer had CSD dispatch run the license plate and discovered the vehicle came back to a resident from RM-South. A male walking from the village approached the security officer and was questioned about the vehicle. The resident stated that he owned the vehicle and that is why it was parked there. The resident refused to identify himself and the security officer left the scene.

The CSD security officer then departed for his next security stop at the Catholic Church parking lot. The resident followed the security officer and began to apologize for his behavior back at the village complex. The resident stated that he was not comfortable with a security officer asking him questions about his vehicle and why he was at the village in the first place.

As the security officer explained that he has a right to question the resident and to attempt to prevent crime, the resident became belligerent and began to yell profanity at the officer. The security officer returned to his vehicle and departed the location and the resident did the same.

On 03/21/2023 at 1235 hours our Security Sergeant responded to a request to conduct a follow-up investigation of a death report at the village complex. Sergeant Outram discovered that on 03/17/2023 a resident had reported a deceased body was inside a vehicle that was parked in the guest parking lot. The Village manager responded to the scene and verified a deceased individual and a firearm were inside the vehicle. SSD and Metro Fire responded and eventually turned the case over to the County Corners officer for a death investigation.
