## CALIFORNIA WASTE RECOVERY SYSTEMS

California Waste Recovery Systems (Cal-Waste) has been providing solid waste collection and disposal services to Rancho Murieta since November of 2005 and has always provided excellent service to our residents.

Services provided by Cal-Waste include:

- Household battery collection in recycling carts
- Cell phone collection in recycling carts
- E-Waste (electronic) collection added to large item collection service
- U-Waste Collection added to large item collection service
- Increase in allowable volume of large item collections
- Used cooking oil collection at the curb
- Used motor oil and filter collection at the curb

Cal-Waste offers large item collection, up to four (4) times a year per residence with a max of 6 cubic yards (5'x4'x8') per pickup. Large items can include discarded household items such as: furniture, carpets, mattresses, clothing, large green waste, and brown goods. Universal Waste Collection and Electronic Waste collection are also picked up with the large item collection service. Call Cal-Waste at 354-4154 to schedule your pick up.

Collection days are Tuesday, Wednesday, and Thursday, depending on your street address. The mid-week collection days avoids having containers left out by residents traveling over the weekend. Green waste and recyclables are collected on alternate weeks. Garbage is picked up weekly. Hours of collection are no earlier than 7:00 a.m. and no later than 5:00 p.m., unless otherwise noticed.
