CHAPTER 16 A

Section 1.00 Findings

The Board of Directors of the District hereby finds and declares that the District’s ability to continue to provide drainage services depends on the availability of funds to support these services. The drainage services are essential to the maintenance and use of the properties within the District. Adequate and properly maintained drainage facilities are necessary to the public health, safety and welfare of the property and people within the District. The special tax levied herein, will provide for a special and secure funding source to continue to provide drainage services.
