PURPOSE

At the Board of Directors meeting of the Rancho Murieta Community Services District on June 21, 1989, the Board adopted the following policy statement regarding the payment of security fees.

“As authorized by Government Code Section 54347(b), fees for security services provide by the Rancho Murieta Community Services District as of July 1, 1989, are due and payable for the entire fiscal year (July through June). If accounts are current as of June 30, the customer has the option of paying fees on a monthly or bi-monthly billing basis, as appropriate. If the account thereafter becomes delinquent, the account becomes due in full and privileges of extended payments are revoked. Penalties and interest, as prescribed in the District’s Code, will attach to the delinquency”.

Accounts which are not current as of June 30, 1989, will become due in full and will lose their privilege of extended payments. If you have questions regarding your account, please contact the Community Services District at (916)354-2428 or (916)985-3481.
