

Solar Power Purchase Agreement (Commercial CA)

This Solar Power Purchase Agreement (this "Agreement") is entered into by the parties listed below (each a "Party" and collectively the "Parties") as of the date signed by Seller below (the "Effective Date").

Table with 4 columns: Purchaser, Seller, Name and Address, Phone, E-mail, Facility/Premises Ownership, Tax Status, Project Name. Rows include contact information for Rancho Murieta Community Service District and SolarCity Corporation.

This Agreement sets forth the terms and conditions of the purchase and sale of solar generated electric energy from the solar panel system described in Exhibit 2 (the "System") and to be installed adjacent to the Purchaser's facility described in Exhibit 2 (the "Facility").

The exhibits listed below are incorporated by reference and made part of this Agreement.

2. **System Size (DC kW):** 769.42
3. **Expected First Year Energy Production (kWh):** 1,207,000
4. **Expected Structure:** Ground Mount
5. **System Installation Includes:**

Installation of a solar energy system (includes: design, engineering, permitting, performance bonds, installation, monitoring, rebate application and paperwork processing for solar energy system), **prevailing wage construction**.

6. **System Installation Excludes:**

Additional or extra construction-related work caused by subsurface, latent or unknown physical conditions at the Premises that differ materially from those ordinarily encountered and generally expected as inherent in System installation at this type of site (including, but not limited to, excavation/circumvention of underground obstacles); upgrades or repair to customer or utility electrical infrastructure; payment bonds; tree removal and tree trimming; and Purchaser's evaluation of the project under the California Environmental Quality Act ("CEQA Evaluation") and the mitigation of any significant environmental impacts disclosed by the CEQA Evaluation (the mitigation costs are referred to as the "CEQA Costs").

If any CEQA Costs should arise, then the Parties will attempt in good faith to negotiate the pricing to address such costs. If: (1) resolution of the CEQA costs cannot be reached; or (2) the CEQA Evaluation discloses any significant environmental impacts that cannot be feasibly mitigated or avoided, then either Party may terminate this Agreement prior to commencement of installation of the System without liability or triggering a default under this Agreement. Either Party's rights under this paragraph shall, unless previously exercised, terminate on the date that is the earlier of (i) 180 days after the Effective Date or (ii) the date on which the conditions to Seller's obligations set forth in Section 6(a) of Exhibit 3 are satisfied.

7. **Facility.** The "Facility" is the District wastewater treatment plant located at 15160 Jackson Rd, Rancho Murieta, California 95683.

General Terms and Conditions

1. **Definitions and Interpretation.** Unless otherwise defined or required by the context in which any term appears: (a) the singular includes the plural and vice versa; (b) the words “herein,” “hereof” and “hereunder” refer to this Agreement as a whole and not to any particular section or subsection of this Agreement; (c) references to any agreement, document or instrument mean such agreement, document or instrument as amended, modified, supplemented or replaced from time to time; and (d) the words “include,” “includes” and “including” mean include, includes and including “without limitation.” The captions or headings in this Agreement are strictly for convenience and shall not be considered in interpreting this Agreement.
2. **Purchase and Sale of Electricity.** Purchaser shall purchase from Seller, and Seller shall sell to Purchaser, all of the electric energy generated by the System during the Initial Term and any Additional Term (as defined in Exhibit 1, and collectively the “Term”). Electric energy generated by the System will be delivered to Purchaser at the delivery point identified on Exhibit 2 (the “Delivery Point”). Purchaser shall take title to the electric energy generated by the System at the Delivery Point, and risk of loss will pass from Seller to Purchaser at the Delivery Point. Purchaser may purchase electric energy for the Facility from other sources if the Purchaser's electric requirements at the Facility exceed the output of the System.
3. **Term and Termination.**
 - a. **Initial Term.** This Agreement is effective as of the Effective Date. The initial term (“Initial Term”) of this Agreement shall commence on the Commercial Operation Date (as defined below) and continue for the length of time specified in Exhibit 1, unless earlier terminated as provided for in this Agreement. The “Commercial Operation Date” is the date Seller gives Purchaser written notice that the System is mechanically complete and capable of providing electric energy to the Delivery Point. Upon Purchaser’s request, Seller will give Purchaser copies of certificates of completion or similar documentation from Seller’s contractor and the interconnection or similar agreement with the Sacramento Municipal Utility District (“SMUD”). Purchaser’s failure to enable Seller to provide the electric energy by preventing it from installing the System or otherwise not performing shall not excuse Purchaser’s obligations to make payments that otherwise would have been due under this Agreement.
 - b. **Additional Terms.** If Purchaser has not exercised its option to purchase the System under Section 15(b) by the end of the Initial Term, either Party may give the other Party written notice of its desire to extend this Agreement on the terms and conditions set forth herein for the number and length of additional periods specified in Exhibit 1 (each an “Additional Term”). Such notice shall be given, if at all, not more than one hundred twenty (120) and not less than sixty (60) days before the last day of the Initial Term or the then current Additional Term, as applicable. The Party receiving the notice requesting an Additional Term shall respond positively or negatively to that request in writing within thirty (30) days after receipt of the request. Failure to respond within such thirty (30) day period shall be deemed a rejection of the offer for an Additional Term. If both Parties agree to an Additional Term, the Additional Term shall begin immediately upon the conclusion of the Initial Term or the then current term on the same terms and conditions as set forth in this Agreement and at a Contract Price to be determined. Notwithstanding the foregoing, if the Parties are unable to agree on a Contract Price, then this Agreement shall terminate at the end of the Initial Term (if the same has not been extended) or the then current Additional Term. If the Party receiving the request for an Additional Term rejects or is deemed to reject the first Party’s offer, this Agreement shall terminate at the end of the Initial Term (if the same has not been extended) or the then current Additional Term.
4. **Billing and Payment.**
 - a. **Monthly Charges.** Purchaser shall pay Seller monthly for the electric energy generated by the System and delivered to the Delivery Point at the \$/kWh rate shown in Exhibit 1 (the “Contract Price”). The monthly payment for such energy will be equal to the applicable \$/kWh rate multiplied by the number of kWh of energy generated during the applicable month, as measured by the System meter.
 - b. **Monthly Invoices.** Seller shall invoice Purchaser monthly, either manually or through ACH. Such monthly invoices shall state (i) the amount of electric energy produced by the System and delivered to the Delivery Point, (ii)

the rates applicable to, and charges incurred by, Purchaser under this Agreement and (iii) the total amount due from Purchaser.

- c. **Taxes.** Purchaser shall either pay or reimburse Seller for any and all taxes assessed on the generation, sale, delivery or consumption of electric energy produced by the System or the interconnection of the System to the utility's electric distribution system, including property taxes on the System; provided, however, Purchaser will not be required to pay or reimburse Seller for any taxes during periods when Seller fails to deliver electric energy to Purchaser due to the action or omission of Seller. For purposes of this Section 4(c), "**Taxes**" means any federal, state and local ad valorem, property, occupation, generation, privilege, sales, use, consumption, excise, transaction, and other taxes, regulatory fees, surcharges or other similar charges, but shall not include any income taxes or similar taxes imposed on Seller's revenues due to the sale of energy under this Agreement, which shall be Seller's responsibility.
- d. **Payment Terms.** All amounts due under this Agreement shall be due and payable net thirty (30) days from receipt of invoice. Any undisputed portion of the invoice amount not paid within the thirty (30) day period shall accrue interest at the annual rate of one and one-half percent (1.5%) over the Wall Street Journal-specified Prime Rate (but not to exceed the rate permitted by California Civil Code section 3289(b)).

5. **Environmental Attributes and Environmental Incentives.**

Unless otherwise specified on **Exhibit 1**, Seller is the owner of all Environmental Attributes and Environmental Incentives and is entitled to the benefit of all Tax Credits, and Purchaser's purchase of electricity under this Agreement does not include Environmental Attributes, Environmental Incentives or the right to Tax Credits or any other attributes of ownership and operation of the System, all of which shall be retained by Seller. Purchaser shall cooperate with Seller in obtaining, securing and transferring all Environmental Attributes and Environmental Incentives and the benefit of all Tax Credits, including by using the electric energy generated by the System in a manner necessary to qualify for such available Environmental Attributes, Environmental Incentives and Tax Credits. Purchaser shall not be obligated to incur any out-of-pocket costs or expenses in connection with such actions unless reimbursed by Seller. If any Environmental Incentives are paid directly to Purchaser, Purchaser shall immediately pay such amounts over to Seller.

"**Environmental Attributes**" means any and all credits, benefits, emissions reductions, offsets, and allowances, howsoever entitled, attributable to the System, the production of electrical energy from the System and its displacement of conventional energy generation, including (1) any avoided emissions of pollutants to the air, soil or water such as sulfur oxides (SO_x), nitrogen oxides (NO_x), carbon monoxide (CO) and other pollutants; (2) any avoided emissions of carbon dioxide (CO₂), methane (CH₄), nitrous oxide, hydrofluorocarbons, perfluorocarbons, sulfur hexafluoride and other greenhouse gases (GHGs) that have been determined by the United Nations Intergovernmental Panel on Climate Change, or otherwise by law, to contribute to the actual or potential threat of altering the Earth's climate by trapping heat in the atmosphere; and (3) the reporting rights related to these avoided emissions, such as Green Tag Reporting Rights and Renewable Energy Credits. Green Tag Reporting Rights are the right of a party to report the ownership of accumulated Green Tags in compliance with federal or state law, if applicable, and to a federal or state agency or any other party, and include Green Tag Reporting Rights accruing under Section 1605(b) of The Energy Policy Act of 1992 and any present or future federal, state, or local law, regulation or bill, and international or foreign emissions trading program. Environmental Attributes do not include Environmental Incentives and Tax Credits. Purchaser and Seller shall file all tax returns in a manner consistent with this Section 5. Without limiting the generality of the foregoing, Environmental Attributes include carbon trading credits, renewable energy credits or certificates, emissions reduction credits, investment credits, emissions allowances, green tags, tradeable renewable credits and Green-e® products.

"**Environmental Incentives**" means any and all credits, rebates, subsidies, payments or other incentives that relate to self-generation of electricity, the use of technology incorporated into the System, environmental benefits of using the System, or other similar programs available from the utility, any other regulated entity, the manufacturer of any part of the System or any Governmental Authority.

"**Governmental Authority**" means any national, state or local government (whether domestic or foreign), any political subdivision thereof or any other governmental, quasi-governmental, judicial, public or statutory instrumentality, authority, body, agency, bureau or entity (including the Federal Energy Regulatory Commission or the California Public Utilities Commission), or any arbitrator with authority to bind a party at law.

“**Tax Credits**” means any and all (i) investment tax credits, (ii) production tax credits and (iii) similar tax credits or grants under federal, state or local law relating to the construction, ownership or production of energy from the System.

6. Conditions to Obligations.

a. Conditions to Seller’s Obligations.

Seller’s obligations under this Agreement are conditioned on the completion of the following conditions to Seller’s reasonable satisfaction on or before the Condition Satisfaction Date:

- i. Completion of a physical inspection of the Facility and the Premises (as shown on Ex. 2) where the System will be located (the “**Premises**”) including, if applicable, geotechnical work, and real estate due diligence to confirm the suitability of the Facility and the Premises for the System;
- ii. Approval of (A) this Agreement and (B) the Construction Agreement (if any) for the System by Seller’s Financing Parties. “**Construction Agreement**” as used in this subsection means an agreement between SolarCity and a subcontractor to install the System;
- iii. Confirmation that Seller will obtain all applicable Environmental Incentives and Tax Credits;
- iv. Receipt of all necessary zoning and land use approvals and building permits;
- v. Execution of all necessary agreements with SMUD for interconnection of the System to the utility’s electric distribution system; and
- vi. Prior to Seller commencing construction and installation of the System, Purchaser shall give Seller proof of insurance for all insurance required to be maintained by Purchaser under this Agreement.

b. Conditions to Purchaser’s Obligations.

Purchaser’s obligations under this Agreement are conditioned on the completion of the following conditions to Purchaser’s reasonable satisfaction:

- i. The occurrence of the Commercial Operation Date for the System on or before the Outside Commercial Operation Date (*See Exhibit 1*); provided that the Outside Commercial Operation Date shall be automatically extended on a day for day basis for each day of Force Majeure or any other delay caused by the Purchaser or any third party;

c. Failure of Conditions.

If any of the conditions listed in subsections (a) or (b) above are not satisfied by the applicable dates specified in those subsections, the Parties will attempt in good faith to negotiate new dates for the satisfaction of the failed conditions. If the parties are unable to negotiate new dates and the failed condition does not result from Force Majeure or the actions/omissions of the terminating Party or any third party, including the utility, then the Party that has not failed to meet an obligation may terminate this Agreement upon ten (10) days written notice to the other Party without liability for costs or damages or triggering a default under this Agreement.

7. Seller’s Rights and Obligations.

a. Permits and Approvals. Seller, with Purchaser’s reasonable cooperation, shall use commercially reasonable efforts to obtain, at its sole cost and expense:

- i. any zoning and land use approvals and building permits required to construct, install and operate the System; and
- ii. any agreements and approvals from SMUD necessary in order to interconnect the System to the utility’s electric distribution system.

Purchaser shall cooperate with Seller's reasonable requests to assist Seller in obtaining such agreements, permits and approvals.

- b. **System Installation.** Seller shall procure, construct and install the System on the Premises. Seller will design and prepare plans for the installation of the System, and will submit them to Purchaser for approval. The plans must comply with applicable federal and state laws and regulations and Purchaser ordinances and policies. Purchaser will not unreasonably withhold or delay approval of the plans. The construction and materials must be in accordance with this Agreement, approved plans, building permit, and applicable laws and regulations. The contractor installing the System must be licensed by the California Contractors State License Board to do the work. Seller and its contractor, and any Construction Agreement, must comply with California Labor Code provisions concerning contractor registration, payment of prevailing wage rates, penalties, employment of apprentices, hours of work and overtime, keeping and retention of payroll records, and other requirements applicable to public works projects within the meaning of the Labor Code. (See California Labor Code division 2, part 7, chapter 1 (sections 1720-1861).)
- c. **Standard System Repair and Maintenance.** During the Term, Seller will operate and perform all routine and emergency repairs to, and maintenance of, the System at its sole cost and expense, except for any repairs or maintenance resulting from Purchaser's negligence, willful misconduct or breach of this Agreement. Seller shall (A) have the appropriate experience and ability to operate and maintain photovoltaic solar systems and the financial capability to do same (an "Operator"); or (B) enter into a contract with an Operator, pursuant to which (1) such Operator shall be responsible for System operation and maintenance under this Agreement and (2) Operator shall administer and perform all rights (including access rights to the Premises) and obligations of Seller on behalf of Seller under this Agreement. Seller shall not be responsible for any work done by others on any part of the System unless Seller authorizes that work in advance in writing. Seller shall not be responsible for any loss, damage, cost or expense arising out of or resulting from improper environmental controls or improper operation or maintenance of the System by anyone other than Seller or Seller's contractors. If the System requires repairs for which Purchaser is responsible, Purchaser shall pay Seller for diagnosing and correcting the problem at Seller or Seller's contractors' then current standard rates. Seller shall provide Purchaser with reasonable notice prior to accessing the Premises to make standard repairs.
- d. **Non-Standard System Repair and Maintenance.** If Seller incurs incremental costs to maintain the System due to (1) unexpected or unusual conditions at the Premises that adversely impair the functioning of the System, or (2) the material inaccuracy of any information provided by Purchaser and relied upon by Seller, then the pricing, schedule and other terms of this Agreement will be equitably adjusted through good faith negotiations between the Parties to compensate for any work in excess of normally expected work required to be performed by Seller.
- e. **Breakdown Notice.** Seller shall notify Purchaser within twenty-four (24) hours following Seller's discovery of (i) any material malfunction in the operation of the System or (ii) an interruption in the supply of electrical energy from the System. Purchaser and Seller shall each designate personnel and establish procedures such that each Party may provide notice of such conditions requiring Seller's repair or alteration at all times, twenty-four (24) hours per day, including weekends and holidays. Purchaser shall notify Seller immediately upon the discovery of an emergency condition affecting the System.
- f. **Suspension.** Notwithstanding anything to the contrary herein, Seller shall be entitled to suspend delivery of electricity from the System to the Delivery Point for the purpose of maintaining and repairing the System and such suspension of service shall not constitute a breach of this Agreement; provided, that Seller shall use commercially reasonable efforts to minimize any interruption in service to the Purchaser.
- g. **Use of Contractors and Subcontractors.** Seller shall be permitted to use contractors and subcontractors to perform its obligations under this Agreement. However, (1) Seller shall continue to be responsible for the quality of the work performed by its contractors and subcontractors, and (2) for construction work, the contractors and subcontractors must be licensed by the California Contractors State License Board to do the work.
- h. **Liens and Payment of Contractors and Suppliers.** Seller shall pay when due all valid charges from all contractors, subcontractors and suppliers supplying construction work, goods or services to Seller under this Agreement and shall keep the Facility and Premises free and clear of any liens related to such charges, except for those enforcement of judgment liens which Seller is permitted by law to place on the Facility following non-payment by Purchaser of amounts due under this Agreement. Seller shall indemnify Purchaser for all claims, losses, damages, liabilities and expenses resulting from any liens filed against the Facility or the Premises in connection

with such charges; provided, however, that Seller shall have the right to contest any such lien, so long as it provides a statutory bond or other reasonable assurances of payment that either remove such lien from title to the Facility and the Premises or that assure that any adverse judgment with respect to such lien will be paid without affecting title to the Facility and the Premises.

8. Purchaser's Rights and Obligations.

- a. **Facility and Premises Access Rights.** Purchaser grants to Seller and to Seller's agents, employees and contractors an irrevocable non-exclusive license running with the Premises (the "**License**") for access to, on, over, under and across the Premises for the purposes of (a) installing, constructing, operating, owning, maintaining, accessing, removing and replacing the System; (b) performing all of Seller's obligations and enforcing all of Seller's rights set forth in this Agreement; and (c) installing, using and maintaining electric lines and equipment, including inverters and meters, necessary to interconnect the System to Purchaser's electric system at the Facility and/or to SMUD's electric distribution system or that otherwise may from time to time be useful or necessary in connection with the construction, installation, operation, maintenance or repair of the System. Seller shall notify Purchaser prior to entering the Facility or Premises except in situations where there is imminent risk of damage to persons or property. The term of the License shall continue until the date that is one hundred and twenty (120) days following the date of expiration or termination of this Agreement (the "**License Term**"). During the License Term, Purchaser shall ensure that Seller's rights under the License and Seller's access to the Premises are preserved and protected and shall not interfere with or permit any third parties to interfere with such rights or access. The grant of the License shall survive termination of this Agreement by either Party (but not beyond the end of the License Term). Purchaser agrees that Seller, upon request to Purchaser, may record a memorandum of license in the land records respecting the License in form and substance reasonably acceptable to the Parties.

The grant of the License does not create any legal title, possessory interest, or leasehold interest in or to the Premises. The Premises may be used only by Seller and its employees and contractors. Seller will not (a) use or permit the Premises to be used in any manner or for any purpose that violates any federal, state or local law, (b) maintain, commit or permit the maintenance or commission of any nuisance or waste on the Premises, (c) use, place or store any hazardous or toxic material or substance on the Premises (except as directly related to the construction, operation, maintenance or repair of the System). Seller will clean-up any litter and other debris on the Premises.

- b. **OSHA Compliance.** Both parties shall ensure that all Occupational Safety and Health Act (OSHA) requirements and other similar applicable safety laws and codes are adhered to in their performance under this Agreement.
- c. **Maintenance of Facility.** Purchaser shall, at its sole cost and expense, maintain the Facility in good condition and repair. Purchaser will ensure that the Facility remains interconnected to the local utility grid at all times and will not permit cessation of electric service to the Facility from the local utility. Purchaser is fully responsible for the maintenance and repair of the Facility's electrical system and of all of Purchaser's equipment that utilizes the System's outputs. Purchaser shall properly maintain in full working order all of Purchaser's electric supply or generation equipment that Purchaser may shut down while utilizing the System. Purchaser shall promptly notify Seller of any matters of which it is aware pertaining to any damage to or loss of use of the System or that could reasonably be expected to adversely affect the System.
- d. **No Alteration of Facility.** Purchaser shall not make any alterations or repairs to the Facility which may adversely affect the operation and maintenance of the System without Seller's prior written consent. If Purchaser wishes to make such alterations or repairs, Purchaser shall give prior written notice to Seller, setting forth the work to be undertaken (except for emergency repairs, for which notice may be given by telephone), and give Seller the opportunity to advise Purchaser in making such alterations or repairs in a manner that avoids damage to the System, but, notwithstanding any such advice, Purchaser shall be responsible for all damage to the System caused by Purchaser or its contractors. To the extent that temporary disconnection or removal of the System is necessary to perform such alterations or repairs, such work and any replacement of the System after completion of Purchaser's alterations and repairs shall be done by Seller or its contractors at Purchaser's cost. All of Purchaser's alterations and repairs will be done in a good and workmanlike manner and in compliance with all applicable laws, codes and permits.
- e. **Outages.** Purchaser shall be permitted to be off line for a total of forty-eight (48) day light hours as defined by the United States National Weather Service in the area where the System is located (each, a "**Scheduled Outage**") per calendar year during the Term, during which time Purchaser shall not be obligated to accept or pay for electricity

from the System; provided, however, that Purchaser must notify Seller in writing of each such Scheduled Outage at least forty-eight (48) hours in advance of the commencement of a Scheduled Outage. In the event that Scheduled Outages exceed a total of forty-eight (48) day light hours as defined by the United States National Weather Service in the area where the System is located per calendar year or there are unscheduled outages, in each case for a reason other than a Force Majeure event, Seller shall reasonably estimate the amount of electricity that would have been delivered to Purchaser during such excess Scheduled Outages or unscheduled outages and shall invoice Purchaser for such amount and any associated lost or recaptured Environmental Incentives and lost sales (and penalties payments associated with the same) of associated Environmental Attributes in accordance with Section 4. For avoidance of doubt, the forty-eight (48) hour period shall include all Scheduled Outage hours allowed under any of the terms of this Agreement, including those undertaken pursuant to Section 8(d).

- f. **Liens.** Purchaser shall not directly or indirectly cause, create, incur, assume or allow to exist any mortgage, pledge, lien, charge, security interest, encumbrance or other claim of any nature on or with respect to the System or any interest therein. Purchaser shall immediately notify Seller in writing of the existence of any such mortgage, pledge, lien, charge, security interest, encumbrance or other claim, shall promptly cause the same to be discharged and released of record without cost to Seller, and shall indemnify Seller against all costs and expenses (including reasonable attorneys' fees) incurred in discharging and releasing any such mortgage, pledge, lien, charge, security interest, encumbrance or other claim.
- g. **Security.** Purchaser shall be responsible for using commercially reasonable efforts to maintain the physical security of the Facility, Premises and the System against known risks and risks that reasonably should have been known by Purchaser. Purchaser will not conduct activities on, in or about the Premises or the Facility that have a reasonable likelihood of causing damage, impairment or otherwise adversely affecting the System.
- h. **Insolation.** Purchaser understands that unobstructed access to sunlight ("**Insolation**") is essential to Seller's performance of its obligations and a material term of this Agreement. Purchaser shall not in any way cause and, where possible, shall not in any way permit any interference with the System's Insolation. If Purchaser becomes aware of any activity or condition that could diminish the Insolation of the System, Purchaser shall notify Seller immediately and shall cooperate with Seller in preserving the System's existing Insolation levels. The Parties agree that reducing Insolation would irreparably injure Seller, that such injury may not be adequately compensated by an award of money damages, and that Seller is entitled to seek specific enforcement of this Section 8(h) against Purchaser.
- i. **Data Line.** Purchaser shall provide Seller a high speed internet data line during the Term to enable Seller to record the electric energy generated by the System. If Purchaser fails to provide such high speed internet data line, or if such line ceases to function and is not repaired, Seller may reasonably estimate the amount of electric energy that was generated and invoice Purchaser for such amount in accordance with Section 4.
- j. **Breakdown Notice.** Purchaser shall promptly notify Seller following the discovery by Purchaser of any material System malfunction or damage, any occurrence adversely affecting the System, any interruption in the supply of electrical energy from the System, or an emergency condition affecting the System.

9. **Relocation of System.**

If (i) Purchaser ceases to conduct business operations at and/or vacates the Facility or (ii) Seller is prevented from operating the System at the Premises (through no fault of Seller) or (iii) the System is otherwise prevented from delivering electricity (through no fault of Seller), in each case prior to the expiration of the Term, Purchaser shall have the option to provide Seller with a mutually agreeable substitute premises located within the same utility district as the terminated System or in a location with similar utility rates and Insolation. Purchaser shall provide written notice at least sixty (60) days but not more than one hundred eighty (180) days prior to the date that it wants to make this substitution. In connection with such substitution, Purchaser shall execute an amended agreement that shall have all of the same terms as this Agreement except for the (i) Effective Date; (ii) License, which will be amended to grant rights in the real property where the System relocated to; and (iii) Term, which will be the remainder of the Term of this Agreement and such amended agreement shall be deemed to be a continuation of this Agreement without termination. Purchaser shall also provide any new Purchaser, owner, lessor or mortgagee consents or releases required by Seller or Seller's Financing Parties in connection with the substitute facility. Purchaser shall pay all costs associated with relocation of the System, including all costs and expenses incurred by or on behalf of Seller in connection with removal of the System from the Premises and installation and testing of the System at the substitute facility and all applicable interconnection fees and expenses at the substitute facility, as well as costs of new title

search and other out-of-pocket expenses connected to preserving and refiling the security interests of Seller's Financing Parties in the System. Seller shall reasonably estimate the amount of electricity that would have been delivered to Purchaser during the period of time the System is not in operation due to the relocation and shall invoice Purchaser for such amount and any associated lost or recaptured Environmental Incentives and lost sales (and penalties payments associated with the same) of associated Environmental Attributes in accordance with Section 4. Seller shall remove the System from the vacated Premises prior to the termination of Purchaser's ownership, lease or other rights to use such Premises. Seller will not be required to restore the Premises to its prior condition but shall promptly pay Purchaser for any damage caused by Seller during removal of the System, but not for normal wear and tear. If the substitute facility has inferior Insolation as compared to the original Premises, Seller shall have the right to make an adjustment to **Exhibit 1** such that Purchaser's payments to Seller are the same as if the System were located at the original Premises. If Purchaser is unable to provide such substitute facility and to relocate the System as provided, any early termination will be treated as a default by Purchaser.

10. Removal of System at Expiration.

Upon the expiration or earlier termination of this Agreement (provided Purchaser does not exercise its purchase option), Seller shall, at its expense, remove all of its tangible property comprising the System from the Premises on a mutually convenient date, but in no event later than ninety (90) days after the expiration of the Term. Excluding ordinary wear and tear, the Premises shall be returned to its original condition including the removal of System mounting pads or other support structures. Seller shall leave the Premises in neat and clean order. If Seller fails to remove or commence substantial efforts to remove the System by such agreed upon date, Purchaser shall have the right, at its option, to remove the System to a public warehouse and restore the Premises to its original condition (other than ordinary wear and tear) at Seller's cost. Purchaser shall provide sufficient space for the temporary storage and staging of tools, materials and equipment and for the parking of construction crew vehicles and temporary construction trailers and facilities reasonably necessary during System removal.

11. Measurement.

Electricity delivered to the Facility shall be measured by the SolarGuard monitoring system installed and maintained by Seller as part of the System.

12. Default, Remedies and Damages.

a. **Default.** Any Party that fails to perform its responsibilities as listed below or experiences any of the circumstances listed below shall be deemed a "**Defaulting Party**", the other Party shall be the "**Non-Defaulting Party**" and each event of default shall be a "**Default Event**":

- (1) failure of a Party to pay any amount due and payable under this Agreement, other than an amount that is subject to a good faith dispute, within ten (10) days following receipt of written notice from the Non-Defaulting Party of such failure to pay ("**Payment Default**");
- (2) failure of a Party to substantially perform any other material obligation under this Agreement within thirty (30) days following receipt of written notice from the Non-Defaulting Party demanding such cure; provided, that such thirty (30) day cure period shall be extended (but not beyond ninety (90) days) if and to the extent reasonably necessary to cure the Default Event, if (i) the Defaulting Party initiates such cure within the thirty (30) day period and continues such cure to completion and (ii) there is no material adverse effect on the Non-Defaulting Party resulting from the failure to cure the Default Event;
- (3) if any representation or warranty of a Party proves at any time to have been incorrect in any material respect when made and is material to the transactions contemplated hereby, if the effect of such incorrectness is not cured within thirty (30) days following receipt of written notice from the Non-Defaulting Party demanding such cure;
- (4) Purchaser loses its rights to occupy and enjoy the Premises;
- (5) a Party, or its guarantor (if any) becomes insolvent or is a party to a bankruptcy, reorganization, insolvency, liquidation, receivership, dissolution, winding-up or relief of debtors, or any general assignment for the benefit of creditors or other similar arrangement or any event occurs or proceedings are taken in any jurisdiction with respect to the Party which has a similar effect (or, if

any such actions are initiated by a third party, such action(s) is(are) not dismissed within ninety (90) days); or

- (6) Purchaser prevents Seller from installing the System or otherwise failing to perform in a way that prevents the delivery of electric energy from the System. Such Default Event shall not excuse Purchaser's obligations to make payments that otherwise would have been due under this Agreement.

b. Remedies.

- (1) Remedies for Payment Default. If a Payment Default occurs, the Non-Defaulting Party may suspend performance of its obligations under this Agreement. Further, the Non-Defaulting Party may pursue any remedy under this Agreement, at law or in equity, including an action for damages and termination of this Agreement, upon five (5) days prior written notice to the Defaulting Party following the Payment Default.
- (2) Remedies for Other Defaults. On the occurrence of a Default Event other than a Payment Default, the Non-Defaulting Party may pursue any remedy under this Agreement, at law or in equity, including an action for damages and termination of this Agreement, upon five (5) days prior written notice to the Defaulting Party following the occurrence of the Default Event. Nothing herein shall limit either Party's right to collect damages upon the occurrence of a breach or a default by the other Party that does not become a Default Event. If Purchaser terminates this contract without cause prior to System installation a \$5,000 design cancellation fee shall also apply in addition to any other remedy available to Seller.
- (3) Damages Upon Termination by Default. Upon a termination of this Agreement by the Non-Defaulting Party as a result of a Default Event by the Defaulting Party, the Defaulting Party shall pay a Termination Payment to the Non-Defaulting Party determined as follows (the "**Termination Payment**"):
 - A. Purchaser. If Purchaser is the Defaulting Party and Seller terminates this Agreement, the Termination Payment to Seller shall be equal to the sum of (i) the termination value set forth in **Exhibit 1** (the "**Termination Value**") for such Contract Year, (ii) removal costs as provided in Section 13(b)(3)(C) and (iii) any and all other amounts previously accrued under this Agreement and then owed by Purchaser to Seller. The Parties agree that actual damages to Seller in the event this Agreement terminates prior to the expiration of the Term as the result of a Default Event by Purchaser would be difficult to ascertain, and the applicable Termination Payment is a reasonable approximation of the damages suffered by Seller as a result of early termination of this Agreement. The Termination Payment shall not be less than zero.
 - B. Seller. If Seller is the Defaulting Party and Purchaser terminates this Agreement, the Termination Payment to Purchaser shall be equal to the sum of (i) the present value (using a discount rate of 5%) of the excess, if any, of the reasonably expected cost of electric energy from SMUD over the Contract Price for the reasonably expected production of the System for the remainder of the Initial Term or the then current Additional Term, as applicable; (ii) all costs reasonably incurred by Purchaser in re-converting its electric supply to service from SMUD; (iii) any removal costs incurred by Purchaser; and (iv) any and all other amounts previously accrued under this Agreement and then owed by Seller to Purchaser. The Termination Payment shall not be less than zero.
 - C. Obligations Following Termination. If a Non-Defaulting Party terminates this Agreement pursuant to this Section 12(b), then following such termination, Seller shall, at the sole cost and expense of the Defaulting Party, remove the equipment constituting the System. The Non-Defaulting Party shall take all commercially reasonable efforts to mitigate its damages as the result of a Default Event.

13. **Representations and Warranties.**

a. **General Representations and Warranties.** Each Party represents and warrants to the other the following:

- (1) Such Party is duly organized, validly existing and in good standing under the laws of the jurisdiction of its formation; the execution, delivery and performance by such Party of this Agreement have been duly authorized by all necessary corporate, partnership or limited liability company action, as applicable, and do not and shall not violate any law; and this Agreement is valid obligation of such Party, enforceable against such Party in accordance with its terms (except as may be limited by applicable bankruptcy, insolvency, reorganization, moratorium and other similar laws now or hereafter in effect relating to creditors' rights generally).
- (2) Such Party has obtained all licenses, authorizations, consents and approvals required by any Governmental Authority or other third party and necessary for such Party to own its assets, carry on its business and to execute and deliver this Agreement; and such Party is in compliance with all laws that relate to this Agreement in all material respects.

b. **Purchaser's Representations and Warranties.** Purchaser represents and warrants to Seller the following:

- (1) **License.** Purchaser has title to or a leasehold or other property interest in the Premises. Purchaser has the full right, power and authority to grant the License contained in Section 8(a). Such grant of the License does not violate any law, ordinance, rule or other governmental restriction applicable to Purchaser or the Facility and is not inconsistent with and will not result in a breach or default under any agreement by which Purchaser is bound or that affects the Facility. If Purchaser does not own the Premises or Facility, Purchaser has obtained all required consents from the owner of the Premises and/or Facility to grant the License and enter into and perform its obligations under this Agreement.
- (2) **Other Agreements.** Neither the execution and delivery of this Agreement by Purchaser nor the performance by Purchaser of any of its obligations under this Agreement conflicts with or will result in a breach or default under any agreement or obligation to which Purchaser is a party or by which Purchaser or the Facility is bound.
- (3) **Accuracy of Information.** All information provided by Purchaser to Seller, as it pertains to the Facility's physical configuration, Purchaser's planned use of the Premises, and Purchaser's estimated electricity requirements, is accurate in all material respects.
- (4) **Purchaser Status.** Purchaser is not a public utility or a public utility holding company and is not subject to regulation as a public utility or a public utility holding company.
- (5) **No Pool Use.** No electricity generated by the System will be used to heat a swimming pool.

c. **Seller's Warranties.**

- (1) Under normal use and service conditions, the System will be free from defects in workmanship or defects in, or a breakdown of, materials or components during the Term.
- (2) During the Term, Seller will repair or replace any defective part, material or component or correct any defective workmanship, at no cost or expense to Purchaser (including all labor costs), when Purchaser submits a valid claim to Seller under this Agreement. If Seller damages the Facility or other Purchaser property, Seller will repair the damage Seller causes or pay Purchaser for the cost to repair the damage caused by Seller. Seller may use new or reconditioned parts when making repairs or replacements. Seller may also, at no additional cost to Purchaser, upgrade or add to any part of the System.
- (3) Seller's total liability arising out of or relating to this Section 13(c) shall in no event:

- A. *For System Failure or Replacement:* exceed the total of the Purchaser's payments under this Agreement during the previous twelve (12) month period; and
- B. *For damages to the Facility or property:* exceed three million dollars (\$3,000,000).

d. **NO OTHER WARRANTY.** OTHER THAN AS EXPRESSLY SET FORTH IN SECTIONS 13(A), 13(C) AND THE PERFORMANCE GUARANTEE (the "PeGu") Dated _____ BY AND BETWEEN SELLER AND PURCHASER, WHICH, FOR THE AVOIDANCE OF DOUBT, IS A SEPARATE AGREEMENT, NO WARRANTY, WHETHER STATUTORY, WRITTEN, ORAL, EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, OR WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE SHALL APPLY UNDER THIS AGREEMENT. THE REMEDIES SET FORTH IN THIS AGREEMENT SHALL BE PURCHASER'S SOLE AND EXCLUSIVE REMEDIES FOR ANY CLAIM OR LIABILITY ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT, WHETHER ARISING IN CONTRACT, TORT (INCLUDING NEGLIGENCE), STRICT LIABILITY OR OTHERWISE.

14. **System Damage and Insurance.**

- a. **System Damage.** If the System is damaged or destroyed other than by Purchaser's negligence, willful misconduct or breach of this Agreement, Seller shall promptly repair and restore the System to its pre-existing condition; provided, however, that if more than fifty percent (50%) of the System is destroyed during the last two (2) years of the Initial Term or during any Additional Term, Seller shall not be required to restore the System, but may instead terminate this Agreement without liability, unless Purchaser agrees to pay for the cost of restoration of the System.
- b. **Insurance Coverage.** At all times during the Term, Seller and Purchaser shall maintain the following insurance:
 - i. **Seller's Insurance.** Seller shall maintain (i) property insurance on the System for the replacement cost thereof, (ii) commercial general liability insurance with coverage of at least \$1,000,000 per occurrence and \$2,000,000 annual aggregate, (iii) employer's liability insurance with coverage of at least \$1,000,000 and (iv) workers' compensation insurance as required by law; provided, however, that notwithstanding the foregoing, Seller may self-insure.
 - ii. **Purchaser's Insurance.** Purchaser shall maintain commercial general liability insurance or self-insurance with coverage of at least \$1,000,000 per occurrence and \$2,000,000 annual aggregate.
- c. **Policy Provisions.** All insurance policies provided hereunder shall (i) contain a provision whereby the insurer agrees to give the party not providing the insurance thirty (30) days (ten (10) days in the event of non-payment of premiums) written notice before the insurance is cancelled or terminated, (ii) be written on an occurrence basis, (iii) be maintained with companies either rated no less than A-VII as to Policy Holder's Rating in the current edition of A.M. Best's Insurance Guide or otherwise reasonably acceptable to the other party. Seller will arrange for its general liability policy to be endorsed to name Purchaser and its officers, employees and agents as additional insureds regarding liability arising out of the construction and operation of the System.
- d. **Certificates.** Upon the other Party's request each Party shall deliver to the other Party certificates of insurance or self-insurance evidencing the above required coverage. A Party's receipt, review or acceptance of such certificate shall in no way limit or relieve the other Party of the duties and responsibilities to maintain insurance as set forth in this Agreement.
- e. **Deductibles.** Unless and to the extent that a claim is covered by an indemnity set forth in this Agreement, each Party shall be responsible for the payment of its own deductibles.

15. **Ownership; Option to Purchase.**

- a. **Ownership of System.** Throughout the Term, Seller shall be the legal and beneficial owner of the System at all times, including all Environmental Attributes, and the System shall remain the personal property of Seller and shall not attach to or be deemed a part of, or fixture to, the Facility or the Premises. Each of the Seller and Purchaser agree that the Seller is the tax owner of the System and all tax filings and reports will be filed in a manner consistent with this Agreement. The System shall at all times retain the legal status of personal property as defined under Article 9 of the California Commercial Code. Purchaser covenants that it will use commercially reasonable efforts to place all parties having an interest in or a mortgage, pledge, lien, charge, security interest, encumbrance or other claim of any nature on the Facility or the Premises on notice of the ownership of the System and the legal status or classification of the System as personal property. If there is any mortgage or fixture filing against the Premises which could reasonably be construed as prospectively attaching to the System as a fixture of the Premises, Purchaser shall provide a disclaimer or release from such lienholder. If Purchaser is the fee owner of the Premises, Purchaser consents to the filing of a disclaimer of the System as a fixture of the Premises in the office where real estate records are customarily filed in the jurisdiction where the Facility is located. If Purchaser is not the fee owner, Purchaser will obtain such consent from such owner. For the avoidance of doubt, in either circumstance Seller shall file such disclaimer. Upon request, Purchaser agrees to deliver to Seller a non-disturbance agreement in a form reasonably acceptable to Seller from the owner of the Facility (if the Facility is leased by Purchaser), any mortgagee with a lien on the Premises, and other Persons holding a similar interest in the Premises.
- b. **Option to Purchase.** At the end of the sixth (6th) and tenth (10th) Contract Years and at the end of the Initial Term and each Additional Term, so long as Purchaser is not in default under this Agreement, Purchaser may purchase the System from Seller on any such date for a purchase price equal to the Fair Market Value of the System. The “**Fair Market Value**” of the System shall be determined by mutual agreement of Purchaser and Seller; provided, however, if Purchaser and Seller cannot agree to a Fair Market Value within thirty (30) days after Purchaser has exercised its option, the Parties shall select a nationally recognized independent appraiser with experience and expertise in the solar photovoltaic industry to determine the Fair Market Value of the System. Such appraiser shall act reasonably and in good faith to determine the Fair Market Value of the System on an installed basis and shall set forth such determination in a written opinion delivered to the Parties; provided that in no event shall the amount paid to purchase the System be less than the aggregate of the amounts calculated under Section 12(b)(3)(A)(ii) and (iv) as of the date of System title transfer. The valuation made by the appraiser shall be binding upon the Parties in the absence of grounds that would allow for vacating an arbitration award under California Code of Civil Procedure section 1286.2. The costs of the appraisal shall be borne by the Parties equally. Purchaser must provide a notification to Seller of its intent to purchase at least ninety (90) days and not more than one hundred eighty (180) days prior to the end of the applicable Contract Year or the Initial Term or Additional Term, as applicable, and the purchase shall be complete prior to the end of the applicable Contract Year or the Initial Term or Additional Term, as applicable. Seller shall transfer good title to the System to Purchaser upon Seller’s receipt of the Fair Market Value, but Seller otherwise disclaims all warranties of any kind, express or implied, concerning the System, “as is, where is, with all faults”; provided that Seller shall assign to Purchaser any manufacturers warranties that are in effect as of the purchase, and which are assignable pursuant to their terms. Upon purchase of the System, Purchaser will assume complete responsibility for the operation and maintenance of the System and liability for the performance of the System, and Seller shall have no further liabilities or obligations hereunder.

16. **Indemnification and Limitations of Liability.**

- a. **General.** Each Party (the “**Indemnifying Party**”) shall defend, indemnify and hold harmless the other Party, its affiliates and the other Party’s and its affiliates’ respective directors, officers, shareholders, partners, members, agents and employees (collectively, the “**Indemnified Parties**”), from and against all loss, damage, expense, liability and other claims, including court costs and reasonable attorneys’ fees (collectively, “**Liabilities**”) resulting from any third party actions relating to the breach of any representation or warranty set forth in Section 13 and from injury to or death of persons, and damage to or loss of property to the extent caused by or arising out of the negligent acts or omissions of, or the willful misconduct of, the Indemnifying Party (or its contractors, agents or employees) in connection with this Agreement; provided, however, that nothing herein shall require the Indemnifying Party to indemnify the Indemnified Party for any Liabilities to the extent caused by or arising out of the negligent acts or omissions of, or the willful misconduct of, the Indemnified Party. This Section 16(a) however, shall not apply to liability arising from any form of hazardous substances or other environmental contamination, such matters being addressed exclusively by Section 16(c).

b. **Notice and Participation in Third Party Claims.** The Indemnified Party shall give the Indemnifying Party written notice with respect to any Liability asserted by a third party (a “**Claim**”), as soon as possible upon the receipt of information of any possible Claim or of the commencement of such Claim. The Indemnifying Party may assume the defense of any Claim, at its sole cost and expense, with counsel designated by the Indemnifying Party and reasonably satisfactory to the Indemnified Party. The Indemnified Party may, however, select separate counsel if both Parties are defendants in the Claim and such defense or other form of participation is not reasonably available to the Indemnifying Party. The Indemnifying Party shall pay the reasonable attorneys’ fees incurred by such separate counsel until such time as the need for separate counsel expires. The Indemnified Party may also, at the sole cost and expense of the Indemnifying Party, assume the defense of any Claim if the Indemnifying Party fails to assume the defense of the Claim within a reasonable time. Neither Party shall settle any Claim covered by this Section 16(b) unless it has obtained the prior written consent of the other Party, which consent shall not be unreasonably withheld or delayed. The Indemnifying Party shall have no liability under this Section 16(b) for any Claim for which such notice is not provided if the failure to give notice prejudices the Indemnifying Party.

c. **Environmental Indemnification.** Seller shall indemnify, defend and hold harmless all of Purchaser’s Indemnified Parties from and against all Liabilities arising out of or relating to the existence at, on, above, below or near the Premises of any Hazardous Substance (as defined in Section 16(c)(i)) to the extent deposited, spilled or otherwise caused by Seller or any of its contractors, agents or employees. Purchaser shall indemnify, defend and hold harmless all of Seller’s Indemnified Parties from and against all Liabilities arising out of or relating to the existence at, on, above, below or near the Premises of any Hazardous Substance, except to the extent deposited, spilled or otherwise caused by Seller or any of its contractors, agents or employees. Each Party shall promptly notify the other Party if it becomes aware of any Hazardous Substance on or about the Premises generally or any deposit, spill or release of any Hazardous Substance.

i. **“Hazardous Substance”** means any chemical, waste or other substance (a) which now or hereafter becomes defined as or included in the definition of “hazardous substances,” “hazardous wastes,” “hazardous materials,” “extremely hazardous wastes,” “restricted hazardous wastes,” “toxic substances,” “toxic pollutants,” “pollution,” “pollutants,” “regulated substances,” or words of similar import under any laws pertaining to the environment, health, safety or welfare, (b) which is declared to be hazardous, toxic, or polluting by any Governmental Authority, (c) exposure to which is now or hereafter prohibited, limited or regulated by any Governmental Authority, (d) the storage, use, handling, disposal or release of which is restricted or regulated by any Governmental Authority, or (e) for which remediation or cleanup is required by any Governmental Authority.

d. **Limitations on Liability.**

i. **No Consequential Damages.** Except with respect to indemnification of third party claims pursuant to Section 16, neither Party nor its directors, officers, shareholders, partners, members, agents and employees subcontractors or suppliers shall be liable for any indirect, special, incidental, exemplary, or consequential loss or damage of any nature arising out of their performance or non-performance hereunder even if advised of such.

ii. **Actual Damages.** Except with respect to indemnification of third party claims pursuant to Section 16 and except as otherwise limited in Section 13(c), Seller’s aggregate liability under this Agreement arising out of or in connection with the performance or non-performance of this Agreement shall not exceed the total payments made (or, as applicable, projected to be made) by Purchaser under this Agreement. The provisions of this Section 16(d)(ii) shall apply whether such liability arises in contract, tort (including negligence), strict liability or otherwise.

17. **Force Majeure.**

a. **“Force Majeure”** means any event or circumstances beyond the reasonable control of and without the fault or negligence of the Party claiming Force Majeure. It shall include, without limitation, failure or interruption of the production, delivery or acceptance of electricity due to: an act of god; war (declared or undeclared); sabotage; riot; insurrection; civil unrest or disturbance; military or guerilla action; terrorism; economic sanction or embargo; civil strike, work stoppage, slow-down, or lock-out; explosion; fire; earthquake; abnormal weather condition or actions of the elements; hurricane; flood; lightning; wind; drought; the binding order of any Governmental Authority (provided that such order has been resisted in good faith by all reasonable legal means); the failure to act on the part of any

Governmental Authority (provided that such action has been timely requested and diligently pursued); any Change in Law that makes it unlawful, impossible or materially impracticable for a Party to perform under this Agreement; inability to deliver electricity to the utility grid, equipment, supplies or products (but not to the extent that any such availability of any of the foregoing results from the failure of the Party claiming Force Majeure to have exercised reasonable diligence); and failure of equipment not utilized by or under the control of the Party claiming Force Majeure.

- b. Except as otherwise expressly provided to the contrary in this Agreement, if either Party is rendered wholly or partly unable to timely perform its obligations under this Agreement because of a Force Majeure event, that Party shall be excused from the performance affected by the Force Majeure event (but only to the extent so affected) and the time for performing such excused obligations shall be extended as reasonably necessary; provided, that: (i) the Party affected by such Force Majeure event, as soon as reasonably practicable after obtaining knowledge of the occurrence of the claimed Force Majeure event, gives the other Party prompt oral notice, followed by a written notice reasonably describing the event; (ii) the suspension of or extension of time for performance is of no greater scope and of no longer duration than is required by the Force Majeure event; and (iii) the Party affected by such Force Majeure event uses all reasonable efforts to mitigate or remedy its inability to perform as soon as reasonably possible. The Term shall be extended day for day for each day performance is suspended due to a Force Majeure event. A Party's performance will be suspended only during the continuance of the Force Majeure condition and the Party will perform all other obligations not affected by the Force Majeure condition. Upon the occurrence of an event of Force Majeure, the Party claiming Force Majeure to the extent reasonably practical must use its best efforts to promptly implement a plan to ensure the continued ability to perform its obligations and promptly bring to an end the Force Majeure condition.
- c. Notwithstanding anything herein to the contrary, the obligation to make any payment due under this Agreement shall not be excused by a Force Majeure event that impacts Purchaser's ability to make payment.
- d. If a Force Majeure event continues for a period of one hundred (180) days (thirty days in the instance of a Change in Law that is a Force Majeure event) or more within a twelve (12) month period and prevents a material part of the performance by a Party hereunder, then the Parties shall, within thirty (30) days following receipt by the other Party of notice of such Force Majeure event, meet and attempt in good faith to negotiate amendments to this Agreement. If the Parties are unable to agree upon such amendments within such thirty (30) day period, then the Party not claiming Force Majeure (except to the extent that the Force Event is a Change in Law, under which circumstances, Seller) shall have the right to terminate this Agreement without either Party having further liability under this Agreement except with respect to payment of amounts accrued prior to termination and actions or omissions that occur prior to termination.
- e. "**Change in Law**" means (i) the enactment, adoption, promulgation, modification or repeal after the Effective Date of any applicable law or regulation; (ii) the imposition of any material conditions on the issuance or renewal of any applicable permit after the Effective Date (notwithstanding the general requirements contained in any applicable Permit at the time of application or issue to comply with future laws, ordinances, codes, rules, regulations or similar legislation); or (iii) a change in any utility rate schedule or tariff approved by any Governmental Authority which in the case of any of (i), (ii) or (iii), establishes requirements affecting owning, supplying, constructing, installing, operating or maintaining the System, or other performance of the Seller's obligations hereunder; provided, that a change in federal, state, county or any other tax law after the Effective Date shall not be a Change in Law pursuant to this Agreement.

18. Assignment and Financing.

a. Assignment.

(i) This Agreement may not be assigned in whole or in part by either Party without the prior written consent of the other Party, which consent shall not be unreasonably withheld or delayed. If Purchaser has been provided with reasonable proof that the proposed assignee has comparable experience in operating and maintaining solar photovoltaic systems and the financial capability to do the same, Purchaser's withholding of consent shall be deemed unreasonable.

(ii) Notwithstanding Section 18(a)(i), Seller may, without the prior written consent of Purchaser, assign, mortgage, pledge or otherwise directly or indirectly assign its interests in this Agreement to any Financing Party, any entity through which Seller is obtaining financing from a Financing Party, any affiliate of Seller or any person

succeeding to all or substantially all of the assets of Seller (provided that Seller shall be released from liability hereunder as a result of any of the foregoing permitted assignments only upon assumption of Seller's obligations hereunder by the assignee).

(iii) This Agreement shall be binding on and inure to the benefit of the successors and permitted assignees.

- b. **Financing.** The Parties acknowledge that Seller may obtain construction and long-term financing or other credit support from lenders or third parties (including tax equity or similar investors) ("**Financing Parties**") in connection with the installation, construction, ownership, operation and maintenance of the System. Both Parties agree in good faith to consider and to negotiate changes or additions to this Agreement that may be reasonably requested by the Financing Parties; provided, that such changes do not alter the fundamental economic terms of this Agreement. The Parties also agree that Seller may assign this Agreement to the Financing Parties as collateral, and in connection with any such assignment, Purchaser agrees to execute a consent to assignment in customary form and reasonably acceptable to the Financing Parties.

19. **Confidentiality.**

- a. **Confidentiality.** Unless the California Public Records Act requires otherwise, if either Party provides confidential information, including business plans, strategies, financial information, proprietary, patented, licensed, copyrighted or trademarked information, and/or technical information regarding the design, operation and maintenance of the System or of Purchaser's business ("**Confidential Information**") to the other or, if in the course of performing under this Agreement or negotiating this Agreement a Party learns Confidential Information regarding the facilities or plans of the other, the receiving Party shall (a) protect the Confidential Information from disclosure to third parties with the same degree of care accorded its own confidential and proprietary information, and (b) refrain from using such Confidential Information, except in the negotiation and performance of this Agreement. Notwithstanding the above, a Party may provide such Confidential Information to its affiliates and to its and its affiliates' respective officers, directors, members, managers, employees, agents, contractors, consultants, lenders and Financing Parties (collectively, "**Representatives**"), and potential assignees of this Agreement (provided and on condition that such potential assignees be bound by a written agreement or legal obligation restricting use and disclosure of Confidential Information), in each case whose access is reasonably necessary to the negotiation and performance of this Agreement. Each such recipient of Confidential Information shall be informed by the Party disclosing Confidential Information of its confidential nature and shall be directed to treat such information confidentially and shall agree to abide by these provisions. In any event, each Party shall be liable (with respect to the other Party) for any breach of this provision by any entity to whom that Party improperly discloses Confidential Information. The terms of this Agreement (but not its execution or existence) shall be considered Confidential Information for purposes of this Section 19(a), except as set forth in Section 19(b). All Confidential Information shall remain the property of the disclosing Party and shall be returned to the disclosing Party or destroyed after the receiving Party's need for it has expired or upon the request of the disclosing Party. Each Party agrees that the disclosing Party would be irreparably injured by a breach of this Section 19(a) by the receiving Party or its Representatives or other person to whom the receiving Party discloses Confidential Information of the disclosing Party and that the disclosing Party may be entitled to equitable relief, including injunctive relief and specific performance, in the event of a breach of the provision of this Section 19(a). To the fullest extent permitted by applicable law, such remedies shall not be deemed to be the exclusive remedies for a breach of this Section 19(a), but shall be in addition to all other remedies available at law or in equity.
- b. **Permitted Disclosures.** Unless the California Public Records Act requires otherwise, notwithstanding any other provision in this Agreement, neither Party shall be required to hold confidential any information that (i) becomes publicly available other than through the receiving Party's or its Representatives' breach of this Agreement, (ii) is required to be disclosed to a Governmental Authority under applicable law or pursuant to a validly issued subpoena (but a receiving Party subject to any such requirement shall promptly notify the disclosing Party of such requirement to the extent permitted by applicable law), (iii) is independently developed by the receiving Party or (iv) becomes available to the receiving Party without restriction from a third party under no obligation of confidentiality. If disclosure of information is required by a Governmental Authority, the disclosing Party shall, to the extent permitted by applicable law, notify the other Party of such required disclosure promptly upon becoming aware of such required disclosure and shall cooperate with the other Party in efforts to limit the disclosure to the maximum extent permitted by law.

c.

20. Goodwill and Publicity.

- a. Neither Party shall use any name, trade name, service mark or trademark of the other Party in any promotional or advertising material without the prior written consent of such other Party except for staff reports, board minutes, and board agendas. The Parties shall coordinate and cooperate with each other when making public announcements related to the execution and existence of this Agreement, and each Party shall have the right to promptly review, comment upon and approve any publicity materials, press releases or public announcement by the other Party that refer to, or that describe any aspect of, this Agreement. Neither Party shall make any press release or public announcement of the specific terms of this Agreement (except for filings or other statements or releases as may be required by applicable law, including staff reports, board minutes, and board agendas) without the specific prior written consent of the other Party. Without limiting the generality of the foregoing, all public statements must accurately reflect the rights and obligations of the Parties under this Agreement, including the ownership of Environmental Attributes and Environmental Incentives and any related reporting rights.
- b. To avoid any conflicts with fair trade rules regarding claims of solar or renewable energy use, Purchaser, if engaged in commerce and/or trade, shall submit to Seller for approval any press releases regarding Purchaser's purchase or use of solar or renewable energy in connection with this Agreement and shall not submit for publication any such releases without the written approval of Seller. Approval shall not be unreasonably withheld, and Seller's review and approval shall be made in a timely manner to permit Purchaser's timely publication.

21. General Provisions

- a. **Choice of Law.** The law of the state where the System is located shall govern this Agreement without giving effect to conflict of laws principles.
- b. **Arbitration and Attorneys' Fees.** Any dispute arising from or relating to this Agreement shall be arbitrated in San Francisco, California. The arbitration shall be administered by JAMS in accordance with its Comprehensive Arbitration Rules and Procedures, and judgment on any award may be entered in any court of competent jurisdiction. If the Parties agree, a mediator may be consulted prior to arbitration. The prevailing party in any dispute arising out of this Agreement shall be entitled to reasonable attorneys' fees and costs.
- c. **Notices.** All notices under this Agreement shall be in writing and shall be by personal delivery, electronic mail, overnight courier, or regular, certified, or registered mail, return receipt requested, and deemed received upon personal delivery, acknowledgment of receipt of electronic transmission, the promised delivery date after deposit with overnight courier, or five (5) days after deposit in the mail. Notices shall be sent to the person identified in this Agreement at the addresses set forth in this Agreement or such other address as either party may specify in writing. Each party shall deem a document emailed or electronically sent in PDF form to it as an original document.
- d. **Survival.** Provisions of this Agreement that should reasonably be considered to survive termination of this Agreement shall survive. For the avoidance of doubt, surviving provisions shall include, without limitation, Section 8(a) (Facility and Premises Access Rights), Section 10 (Removal of System at Expiration), Section 13 (Representations and Warranties), Section 14(b) (Insurance Coverage), Section 16 (Indemnification and Limitations of Liability), Section 19 (Confidentiality and Publicity), Section 21(a) (Choice of Law), Section 21(b) (Arbitration and Attorneys' Fees), Section 21(c) (Notices), Section 21(g) (Comparative Negligence), Section 21(h) (Non-Dedication of Facilities), Section 21(j) (Service Contract), Section 21(k) (No Partnership) Section 21(l) (Full Agreement, Modification, Invalidity, Counterparts, Captions) and Section 21(n) (No Third Party Beneficiaries).
- e. **Further Assurances.** Each of the Parties hereto agree to provide such information, execute and deliver any instruments and documents and to take such other actions as may be necessary or reasonably requested by the other Party which are not inconsistent with the provisions of this Agreement and which do not involve the assumptions of obligations other than those provided for in this Agreement, to give full effect to this Agreement and to carry out the intent of this Agreement.
- f. **Right of Waiver.** Each Party, in its sole discretion, shall have the right to waive, defer or reduce any of the requirements to which the other Party is subject under this Agreement at any time; provided, however that neither Party shall be deemed to have waived, deferred or reduced any such requirements unless such action is in writing

and signed by the waiving Party. No waiver will be implied by any usage of trade, course of dealing or course of performance. A Party's exercise of any rights hereunder shall apply only to such requirements and on such occasions as such Party may specify and shall in no event relieve the other Party of any requirements or other obligations not so specified. No failure of either Party to enforce any term of this Agreement will be deemed to be a waiver. No exercise of any right or remedy under this Agreement by Purchaser or Seller shall constitute a waiver of any other right or remedy contained or provided by law. Any delay or failure of a Party to exercise, or any partial exercise of, its rights and remedies under this Agreement shall not operate to limit or otherwise affect such rights or remedies. Any waiver of performance under this Agreement shall be limited to the specific performance waived and shall not, unless otherwise expressly stated in writing, constitute a continuous waiver or a waiver of future performance.

- g. Comparative Negligence.** It is the intent of the Parties that where negligence is determined to have been joint, contributory or concurrent, each Party shall bear the proportionate cost of any Liability.
- h. Non-Dedication of Facilities.** Nothing herein shall be construed as the dedication by either Party of its facilities or equipment to the public or any part thereof. Neither Party shall knowingly take any action that would subject the other Party, or other Party's facilities or equipment, to the jurisdiction of any Governmental Authority as a public utility or similar entity. Neither Party shall assert in any proceeding before a court or regulatory body that the other Party is a public utility by virtue of such other Party's performance under this agreement. If Seller is reasonably likely to become subject to regulation as a public utility, then the Parties shall use all reasonable efforts to restructure their relationship under this Agreement in a manner that preserves their relative economic interests while ensuring that Seller does not become subject to any such regulation. If the Parties are unable to agree upon such restructuring, Seller shall have the right to terminate this Agreement without further liability, and Seller shall remove the System in accordance with Section 10 of this Agreement.
- i. Estoppel.** Either Party hereto, without charge, at any time and from time to time, within five (5) business days after receipt of a written request by the other party hereto, shall deliver a written instrument, duly executed, certifying to such requesting party, or any other person specified by such requesting Party: (i) that this Agreement is unmodified and in full force and effect, or if there has been any modification, that the same is in full force and effect as so modified, and identifying any such modification; (ii) whether or not to the knowledge of any such party there are then existing any offsets or defenses in favor of such party against enforcement of any of the terms, covenants and conditions of this Agreement and, if so, specifying the same and also whether or not to the knowledge of such party the other party has observed and performed all of the terms, covenants and conditions on its part to be observed and performed, and if not, specifying the same; and (iii) such other information as may be reasonably requested by the requesting Party. Any written instrument given hereunder may be relied upon by the recipient of such instrument, except to the extent the recipient has actual knowledge of facts contained in the certificate.
- j. Service Contract.** The Parties intend this Agreement to be a "service contract" within the meaning of Section 7701(e)(3) of the Internal Revenue Code of 1986. Purchaser will not take the position on any tax return or in any other filings suggesting that it is anything other than a purchase of electricity from the System.
- k. No Partnership.** No provision of this Agreement shall be construed or represented as creating a partnership, trust, joint venture, fiduciary or any similar relationship between the Parties. No Party is authorized to act on behalf of the other Party, and neither shall be considered the agent of the other.
- l. Full Agreement, Modification, Invalidity, Counterparts, Captions.** This Agreement, together with any Exhibits, completely and exclusively states the agreement of the parties regarding its subject matter and supersedes all prior proposals, agreements, or other communications between the parties, oral or written, regarding its subject matter. This Agreement may be modified only by a writing signed by both Parties. If any provision of this Agreement is found unenforceable or invalid, such unenforceability or invalidity shall not render this Agreement unenforceable or invalid as a whole. In such event, such provision shall be changed and interpreted so as to best accomplish the objectives of such unenforceable or invalid provision within the limits of applicable law. This Agreement may be executed in any number of separate counterparts and each counterpart shall be considered an original and together shall comprise the same Agreement. The captions or headings in this Agreement are strictly for convenience and shall not be considered in interpreting this Agreement.

- m. Forward Contract.** The transaction contemplated under this Agreement constitutes a “forward contract” within the meaning of the United States Bankruptcy Code, and the Parties further acknowledge and agree that each Party is a “forward contract merchant” within the meaning of the United States Bankruptcy Code.
- n. No Third Party Beneficiaries.** Except as otherwise expressly provided herein, this Agreement and all rights hereunder are intended for the sole benefit of the Parties hereto and shall not imply or create any rights on the part of, or obligations to, any other Person.
- o. Bonds.** Notwithstanding any language to the contrary in this Agreement and solely to the extent a performance and/or payment bond is being issued to Purchaser:

 - i. Performance bond liability. Any performance bond issued for a site or system will cease one (1) year from the completion of construction. If a warranty or guarantee is provided under the terms of this Agreement, the balance of any warranty or guarantee beyond the one (1) year term of the applicable performance bond shall continue to be guaranteed solely by Seller under the terms of this Agreement. The performance bond does not guarantee any property restorative requirements.
 - ii. Payment bond liability. Any payment bond issued will cease at the termination of any time required by law.
 - iii. Performance Guarantee. Neither payment bonds, whether for labor or materials, nor performance bonds are applicable to any specified performance guarantee.
