January 2016

Public Workshop
6:00 p.m.
January 11, 2016

Board Goal Workshop
2:00 p.m.
January 13, 2016

Regular Board Meeting
5:00 p.m.
January 20, 2016

PUBLIC WORKSHOP—WATER SUPPLY ASSESSMENT REVIEW

On January 11, 2016 at 6:00 p.m. in the District board room, the District will hold a public workshop to address questions on the Water Supply Assessment (WSA) report prepared by Maddaus Water Management. The WSA was prepared at the request of Sacramento County to assess the District's water supply reliability in serving the proposed Rancho Murieta North development over a 20 year period in normal year, single dry year and multiple dry year conditions.

ANNUAL BOARD GOAL WORKSHOP

The **Annual Board Goal Workshop** will be held on Wednesday, January 13, 2016 at 2:00 p.m. The Board will review current goals and accomplishments along with establishing new goals for the upcoming year.

WATER TREATMENT PLANT EXPANSION PROJECT UPDATE

The anticipated start of the Water Treatment Plant #1's 30 day operational test has been delayed until the first of the year due to extended time required to finalize the coordination of the SCADA system controls with the GE membrane system operations. The expectation is to have the Department of Drinking Water on site January 7, 2016 for inspection and authorization to proceed with operating the new plant for the 30 day test period.

REMINDER:

Be sure to **call in your guests** or invited service representatives. On the North, call 354-3742. On the South, call 354-3743. The Gate Officer will note the information in the computer which will speed admittance and help deter traffic backups at the gates.

DISPOSING OF MEDICATION

Do you have medications, prescription and/or non-prescription, which have expired or are no longer needed? Proper disposal of medications prevents accidental ingestion, decreases the risk of drug misuse, and protects the environment.

- Do not flush medications down the sink or toilet.
- Ask your pharmacist if he/she will take back unused medications.
- Crush or dissolve unused medication in water (including liquid medications) and mix with kitty litter, dirt, sawdust, coffee grounds, or other solid kitchen substance.
- Seal the mix in an unbreakable, leak-proof container or bag, wrap with shipping tape or newspaper and put in the garbage as close to pick-up time as possible.
- Remove and shred or black out any prescription labels with personal information.

For more information, visit www.nodrugsdownthedrain.org.

WATER CONSERVATION DISTRICT GIVE-A-WAYS

The District is giving away (**for free**) some items to help you conserve water. Those items include the following:

- Stop In Time Shower Timer
- Moisture Meter – Frog and Lady Bug
- Toilet Tank Bank
- Dual Spray Swivel Faucet Aerator
- Water Saving Metal Hose Nozzle

Stop by the District Administration Office to get yours.
